

WATER MANAGEMENT ASSOCIATION OF OHIO (WMAO) 49TH ANNUAL MEETING AND SYMPOSIUM

NOVEMBER 2 THROUGH 5, 2020

*The 2020 WMAO Fall Conference will be held remotely
this year due to COVID-19.*

CALL FOR ABSTRACTS: *Presentations & Posters*

CLEAN, SAFE WATER

The people involved in water resources management are charged with making sure our water resources are clean and safe. We do this by managing floodplains, controlling storm water runoff, preserving natural areas, and operating municipal utilities. We apply our knowledge to informing, teaching, reporting, and warning about the issues that confront our ability to keep water resources clean and safe.

What information can you share at the 49th Annual Meeting and Symposium about your team's, program's, or agency's work to make our water resources cleaner and safe? What has your group done to keep our water resources clean and safe?

Submit an abstract today to share your story with other water resource professionals!

Abstracts are sought for 20-minute oral presentations or posters (Due **August 1, 2020**). **Submissions accepted at <https://wmao.org>**. Abstracts not selected for presentations may be offered the option of presenting a poster. Accepted abstracts will be posted on the WMAO web site (<https://wmao.org>) as part of the conference program.

Abstracts will also be sought for posters featuring student research projects. The Conference Planning Committee will award prizes of \$250 and \$100 for the posters that best capture and explain the research project.

Presentations should relate to the theme and fit within one of the following categories:

- dam safety
- floodplain management
- lake management
- storm water
- watershed management
- drinking water
- innovative programs
- groundwater
- regulations and policy
- messaging
- nonpoint sources
- agriculture
- ecology
- education and outreach
- fisheries
- public health and safety
- recreation
- wastewater

Membership in WMAO is not required of presenters, though we encourage you to consider joining WMAO to support the water resources professional community in Ohio.

WMAO awards recognize individuals for distinguished service or demonstrating leadership in the management, use or enjoyment of Ohio's water resources. Make your voice heard - nominate someone for a [WMAO award](#) today! Nominations are due by September 15, 2020.
